

Please review your checklist of course work and write a one page reflective essay analyzing how any of the above assignments contributed to any of the following skills:

- Communicating with diverse populations
- Facilitating communication with diverse populations
- Resolving conflicts with peers
- New insights on your role in a group
- Deepening of listening skills
- Engage in various forms of writing (technical, marketing creative or academic writing, editing skills or writing for a select audience)
- Skills in public speaking and presenting materials to a group
- Engage in iterative communication processes whereby they are asked to communicate a message of importance, given the opportunity to practice that skill, given feedback, and used that feedback to improve the product they were developing (such as a presentation, paper, or artifact for a community organization)
